

The Famous Joe Dirt Ride...Jan 18, 2009

This here's the fine print so you better get to readin' son...We're havin' this ride at high noon and we're meetin' at the Woodson K Woods parking area just past the Meramec River on HWY 8, about 8 miles east of St. James, MO. There will be a shorter ride option of 16 miles and a Burley option of 27 miles. We will have ride leaders for both and maps too for you non-followin' types.

Bring yo'self a mountain bike or a cross bike with real manly tires. Expect rough roads, cattle guards, low water crossings, at least 3 big ol' honkin' climbs or maybe even 7, little to no road signs, moose bites, fast downhill, less than 1/4 mile pavement, crazy good scenery, log cabins, a dog or two, and more fun than you can swing a 29er at. BYOB for after the ride. We will cancel this mofo if it's rainin' or if it's less than 25 degrees outside. Primitive restrooms are available at the parking area. For a preview of the ride, visit www.route66bicycles.com/local_routes.html
